2022

THURSDAY | JAN 13, 2022 | 11:30AM - 1PM EST
VIRTUAL / ZOOM

Heather Henriksen
Managing Director
Office for Sustainability
Harvard University

Jim Dinning
Project Manager
& Materials Specialist
LEED AP BD+C, WELL AP
Brightworks Sustainability

Tim Conway
VP of Sustainability
Commercial Flooring
Shaw Industries

Please join us as we launch the **Healthy Campus Playbook** with Heather Henriksen from Harvard University and Jim Dinning of Brightworks Sustainability. This will provide all higher education systems a detailed process on how they can develop product specifications that eliminate the six classes of chemicals in their building standards. With this playbook we can make material health a priority and reality collectively, and apply this work to scale.
