Flash forward six decades and the building reflected outdated ideas for both space utilization and the delivery of efficient student services. The solution: a reimagined “One-Stop” student center, replacing a 1960s-era labyrinth design with modern stainless steel, wood, and glass to create an open, sunlit-drenched space housing every student function. The 14,280-square-foot project, costing \$2.6 million, relocated every student services function – including admissions, registration, the bursar, financial aid, and more – into an all-inclusive environment.</p> <p><i>Presented by:</i></p> <ul style="list-style-type: none"> <li>● <b>Nathaniel Saviet</b> Vice President of Facilities Bergen Community College</li> <li>● <b>Dr. AJ Trump</b> Vice President of Student Affairs Bergen Community College</li> <li>● <b>Anthony Iovino, AIA, PP, LEED</b> Principal, Arcari + Iovino Architects</li> </ul>
